CAMPUS SAFETY & SECURITY

Montana Academy of Salons is committed to providing safety to all of its students and employees. If a crime happens to the student or the student's property or if there is an emergency occurring on campus, students, employees and/or guests are encouraged report the incident to the Chief Executive Officer or a Campus Security Authority immediately. That individual will assist the student, employee or guest in reporting the crime to the local police or other appropriate security force.

Montana Academy does not offer on campus student housing.

Montana Academy of Salons will provide students and employees with a copy of this Annual Security Report by October 1st of each year. Crime statistics will be gathered from the local police and compiled in this Annual Security Report. The report will show the number of incidents on campus, including Montana Academy parking lot and adjacent streets. At any time, crime statistics information can be obtained from Montana Academy Admissions Office.

Although Montana Academy does not employ security Officers, Montana Academy of Salons has a working relationship with the local police who are able to support and provide services promptly in the event of an incident. We encourage accurate and prompt reporting of all crimes to the local police. When a victim of crime elects to or is unable to make such a report, Montana Academy will accept reportable incidents from the closest source of the victim. Montana Academy does not have a working relationship with the State Authorities, it is unlikely they would get involved with this campus. The State Authorities has referred us to the local authorities for support.

PREPARATION OF DISCLOSURE OF CRIME STATISTICS

Linda McPherson, Chief Executive Officer (CEO) of the Montana Academy of Salons, prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) as amended by the Violence Against Women Reauthorization Act of 2013. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus. Each year prior to October, the CEO emails the local law enforcement and requests verified crimes. The email then is looked over and crimes verified by the geography, and in-house crimes, complaints, etc. The CEO gathers the information and all crime statistics are put together and assemble for the ASR. The full text of this report can be located on our web site at <http://www.montanAACademy.edu>.

Campus crime, arrest and referral statistics include those reported to the Great Falls Police Department and Campus Security Authorities. Montana Academy does not have campus housing, campus police or a security department for daily crimes. Montana Academy refers all campus crime(s) to the Great Falls Police Department. In addition, Montana Academy does not keep a fire log.

Each year, an e-mail notification is made to all enrolled students that provides the web site to access this report. Employees receive similar notification at our faculty meetings and Professional Development. All employees and potential students may obtain copies of the report online at montanaacademy.edu or by contacting the Montana Academy of Salons, 501 2nd ST S, Great Falls, MT 59405 in the Admissions Office or by calling (406) 771-8872 x 5.

HOW TO REPORT CRIMINAL OFFENSES

TO REPORT A CRIME ON OR OFF CAMPUS:

Contact Great Falls Police Department at (406) 454-6978 (non-emergencies), Dial 9-1-1- (emergencies only). Additionally, you may report a crime to Montana Academy's Chief Executive Officer (CEO) and/or a designated Campus Security Authority. Montana Academy identifies all staff to be a Campus Security Authority, CSA. The CSAs role will ensure the academy complies with the law and discloses accurate crime statistics and issues or facilitates timely warning or emergency notifications for crimes that pose a serious or continuing threat to the academy community. CSAs will keep good records to minimize the chance of double reporting crimes, document any crime and timely report the crime to CEO and or Title IX official.

VOLUNTARY CONFIDENTIAL REPORTING

If you are the victim of a crime and do not want to pursue action within Montana Academy or the criminal justice system, you may still want to consider making a confidential report. With your permission, the CEO can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, Montana Academy can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution. Montana Academy has an open-door policy which allows victims of crimes at any time, during academy hours, to walk-in and ask to speak with the CEO.

LIMITED VOLUNTARY CONFIDENTIAL REPORTING

The Great Falls Police Department encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the Great Falls Police Department cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to the CEO or to the Campus Security Authorities (CSA) listed in this report. Please note, CSAs are not required to disclose personally identifiable information. Reporting to a CSA is not the same as reporting a crime voluntarily and confidentially to the CEO. Confidential reports of crime may also be made to Great Falls/Cascade County Crime Stoppers at (406) 727-8477.

ENCOURAGEMENT OF ACCURATE AND PROMPT CRIME REPORTING

Employees, students, and guests are encouraged to report all crimes and public safety related incidents to Montana Academy in a timely manner. To report a crime or emergency on the Montana Academy campus, call Montana Academy's CEO or Campus Security Authorities. If assistance is required from the Great Falls Police Department or the City of Great Falls Fire Department, the CEO will contact the appropriate unit. If a sexual assault or rape should occur, Montana Academy's Title IX Coordinator or Deputy is available to offer the victim a wide variety of services.

All reported incidents are reviewed, and applicable information is collected and presented to the proper authority. In order to ensure that our campus remains safe, it is important for members of the campus to report this information in a timely manner. Any suspicious activity should be considered a reasonable suspicion and reported. Examples of suspicious activities include seeing an unescorted guest in an

unapproved area, doors propped open, or unauthorized individuals using campus equipment or offices. If it seems a situation appears abnormal to you in any way, you are encouraged to report it.

The Montana Academy of Salons prohibits any retaliation against anyone who in good faith reports any violations of the campus security policy.

COUNSELORS AND CONFIDENTIAL CRIME REPORTING

Montana Academy does not employ professional or pastoral counselors and does not have such policies or procedures for confidential crime reporting. All reports of crime will be investigated. Violations of the law will be referred to law enforcement agencies and when appropriate, to the Montana Academy CEO for review.

SECURITY AWARENESS & CRIME PREVENTION PROGRAMS FOR EMPLOYEE AND STUDENTS

Student orientation is conducted prior to every course start. Students are informed that the Montana Academy does not have campus police. Students are informed about the campus security policies and procedures contained in this report and about crime awareness on Montana Academy and in surrounding neighborhoods. Similar information is presented to all new employees. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

Crime Prevention Programs on personal safety and theft prevention are discussed at orientation. In addition, information is disseminated to students and employees through tips posted in Montana Academy buildings, in-class announcements, and announcements through social media.

To enhance personal safety, and especially after dark, students and employees are encouraged to walk with friends or colleagues from Montana Academy to their destination.

- ✓ Estimated age:
- ✓ Is voice familiar? If so, who does it sound like?
- ✓ Other points: Take any notes that may aid in the investigation.

EXPLOSION

BEFORE

- ✓ The following are things you can do to protect yourself, in the event of an explosion.
- ✓ Knowing your community's warning systems and disaster plans, including evacuation routes.

DURING

- ✓ Get under a sturdy table.
- ✓ Exit the Montana Academy as quickly as possible. Stay low if there is smoke. Do not stop to retrieve personal possessions or make phone calls.
- ✓ Check for fire and other hazards.
- ✓ Once you are out, attempt to meet at designated areas.
- ✓ Move away from sidewalks or streets to be used by emergency officials or others still exiting the Montana Academy.
- ✓ Tap on a pipe or wall so rescuers can hear where you are.
- ✓ If possible, use a whistle to signal rescuers.
- ✓ Shout only as a last resort. Shouting can cause a person to inhale dangerous amounts of dust.

- ✓ Avoid unnecessary movement so you don't kick up dust.
- ✓ Cover your nose and mouth with anything you have on hand.

AFTER

- ✓ As we learned from the events of September 11, 2001, the following things can happen after a terrorist attack:
- ✓ There can be significant numbers of casualties and/or damage to buildings and the infrastructure. So employers need up-to-date information about any medical needs you may have and on how to contact your designated beneficiaries.
- ✓ Heavy law enforcement involvement at local, state and federal levels follows a terrorist attack due to the event's criminal nature.
- ✓ Health and mental health resources in the affected communities can be strained to their limits, maybe even overwhelmed.
- ✓ Extensive media coverage, strong public fear and international implications and consequences can continue for a prolonged period.
- ✓ Montana Academy may be closed.
- ✓ Montana Academy may have to evacuate, avoiding blocked roads for your safety.
- ✓ Clean-up may take many months.

TERRORIST ATTACKS

Montana Academy does not want to dismiss or diminish the possibility to terrorism, however, we believe the risk is low in relationship to Threat/Hazards.

BASED ON:

- ✓ Small faculty, less than 15
- ✓ Small student body, less than 100
- ✓ Building has no significant interest or location
- ✓ Building is on one level
- ✓ Building does not store or contains hazardous chemicals
- ✓ No luggage is stored or kept on premise
- ✓ No underground parking

PLAN FOR A PANDEMIC

Get involved in your community as it works to prepare for an influenza pandemic.

- ✓ Limit the Spread of Germs and Prevent Infection
- ✓ Avoid close contact with people who are sick. When you are sick, keep your distance from others to protect them from getting sick too.
- ✓ If possible, stay home.
- ✓ Cover your mouth and nose with a tissue when coughing or sneezing.
- ✓ Washing your hands often will help protect you from germs.
- ✓ Avoid touching your eyes, nose or mouth. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

UTILITY SHUT OFF

NATURAL GAS

Natural gas leaks and explosions are responsible for a significant number of fires following disasters. It is vital that all employee know how to shut off natural gas.

Because there are different gas shut-off procedures for different gas meter configurations, it is important to contact your local gas company for any guidance on preparations and response regarding gas service to the Montana Academy.

If you smell gas or hear a blowing or hissing noise, get everyone out quickly. Turn off the gas if you can and call the gas company.

Caution: If you turn off the gas for any reason, a qualified professional must turn it back on. NEVER attempt to turn the gas back on yourself.

WATER

Water quickly becomes a precious resource following many disasters. It is vital that all employee learn how to shut off the water.

Locate the shut-off valve for the water line that enters the Montana Academy and label this valve with a tag for easy identification.

The effects of gravity may drain the water in your hot water heater and toilet tanks unless you trap it in the academy by shutting off the main house valve. (This is not the street valve in the cement box at the curb – the street valve is extremely difficult to turn and requires a special tool.)

ELECTRICITY

Electrical sparks have the potential of igniting natural gas if it is leaking. It is wise to teach all responsible employee where and how to shut off the electricity.

Locate your electrical circuit box. For your safety, always shut off all the individual circuits before shutting off the main circuit.

FIRE PROCEDURE

If you smell smoke or see fire, report it immediately to a facilitator.

PROCEED AS FOLLOWS:

- ✓ Students exit in single file out the closest doors. If you have a guest at the time, the guest is your responsibility.
- ✓ After exiting the Montana Academy, proceed safely away from Montana Academy and locate at the “NO PARKING” sign or across the street at GERBERS.
- ✓ Support employee at front desk will help guest in reception area out the front doors.
- ✓ Proceed to safety away from the Montana Academy.
- ✓ Familiarize yourself with your evacuation route and the location of all emergency and regular exits.
- ✓ The evacuation route illustration is found next to the fire extinguisher in the student’s lounge, laundry room and salon area.

VIOLATION OF FIRE SAFETY RULES PUTS LIVES IN JEOPARDY. TAMPERING WITH FIRE ALARMS OR FIRE EQUIPMENT CAN RESULT IN FINES AND POSSIBLE INCARCERATION ACCORDING TO MONTANA STATE LAWS

CRIMINAL OFFENSES (FEDERAL & LOCAL DEFINITIONS)

The definitions listed below are used by Montana Academy of Salons to classify the criminal offenses listed in the above reported statistics:

CRIMINAL HOMICIDE-These offenses are separated into two. Murder / Non-negligent Manslaughter:

- ✓ Murder and Non-negligent Manslaughter is defined as the willful (non-negligent) killing of one human being by another.
- ✓ Any death caused by injuries received in a fight, argument, quarrel, assault or the commission of a crime.

MANSLAUGHTER BY NEGLIGENCE is defined as the killing of another person through gross negligence.

SEXUAL ASSAULT occurs when a physical sexual activity is engaged in without the consent of the other person or when the other person is unable to consent to the activity. The activity or conduct may include physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, and taking advantage of the other person's incapacitation (including voluntary intoxication).

SEX OFFENSES: Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- ✓ **Rape:** Is the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.
- ✓ **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- ✓ **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- ✓ **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

ROBBERY: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

ESSENTIAL ELEMENTS OF A ROBBERY:

- ✓ Committed in the presence of a victim (usually the owner or person having custody of the property).

- ✓ Victim is directly confronted by the perpetrator.
- ✓ Victim is threatened with force or put in fear that force will be used.
- ✓ Involves a Theft or Larceny.

AGGRAVATED ASSAULT/BATTERY: An unlawful attack by one person upon another for the purpose of inflicting severe or substantial bodily injury. This type of assault may be accompanied by the use of a weapon or other means likely to produce death or great bodily harm.

Include as Aggravated Assaults:

- ✓ Assaults or attempts to kill or Murder.
- ✓ Poisoning (including the use of date rape drugs).
- ✓ Assault with a dangerous or deadly weapon.
- ✓ Maiming.
- ✓ Mayhem.
- ✓ Assault with explosives.
- ✓ Assault with disease (as in cases when the offender is aware that he or she is infected with a deadly disease and deliberately attempts to inflict the disease by biting, spitting, etc.).

BURGLARY: The unlawful entry of a structure to commit a felony or theft.

Classify as Burglary:

- ✓ Offenses that are classified by local law enforcement agencies as Burglary (any degree); unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts at these offenses.
- ✓ Forcible Entry: All offenses where force of any kind is used to unlawfully enter a structure for the purpose of committing a theft or felony. This rule applies when a thief gains entry by using tools; breaking windows; forcing windows, doors, transoms or ventilators; cutting screens, walls or roofs; and where known, using master keys, picks, unauthorized keys, celluloid, a mechanical contrivance of any kind (e.g., a passkey or skeleton key) or other devices that leave no outward mark but are used to force a lock. This includes Burglary by concealment inside a building followed by exiting the structure.
- ✓ Unlawful Entry—No Force: The entry of a structure in this situation is achieved by use of an unlocked door or window. The element of trespass to the structure is essential in this category, which includes thefts from open garages, open warehouses, open or unlocked dwellings (such as dorm rooms) and open or unlocked common basement areas in apartment houses where entry is achieved by someone other than the tenant who has lawful access, or others whom the tenant allows to have free and regular access to the structure. If an item was taken from an unlocked dorm room and you can establish that neither the tenant nor those friends with free and regular access to the room have taken the item, then unlawful access has occurred. In this context, it is important to note that a “breaking” occurs when a perpetrator crosses the threshold of a boundary that results in a trespass. As such it is possible for a burglar to “break” an open doorway or window. There is no requirement that entry be forced in any way or that damage to a door, window or frame be evident.
- ✓ Attempted Forcible Entry: A situation where a forcible entry into a locked structure is attempted but not completed. An attempt to commit the crime of Burglary must be evaluated in context based on all available information. Such incidents must not be classified merely as “suspicious activity” or “vandalism” where the totality of facts indicates that a Burglary was in fact attempted. Possible indicators of an attempted Burglary may include, but are not limited to, damage to a door or window, the presence of Burglary tools, a recurring or similar modus operandi or “signature”

that ties an incident to other similar offenses (sometimes referred to as “common plan and scheme”), and/or proximity in time and place to a pattern of other similar crimes.

MOTOR VEHICLE THEFT: The theft or attempted theft of a motor vehicle.

Classify as Motor Vehicle Theft:

- ✓ Theft of any self-propelled vehicle that runs on land surface and not on rails, such as sport utility vehicles, automobiles, trucks, buses, motorcycles, motor scooters, trail bikes, mopeds, all-terrain vehicles, self-propelled motor homes, snowmobiles, golf carts and motorized wheelchairs.
- ✓ All incidents where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned. Include joyriding in this category. If a vehicle is stolen in conjunction with another offense, classify the crime using the procedures for classifying multiple offenses (i.e., the Hierarchy Rule, pages 3-24 and 3-25).

ARSON: Any willful or malicious burning or attempting to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle, aircraft, personal property of another, etc.

Classify as Arson:

- ✓ Only fires determined to have been willfully or maliciously set.
- ✓ Attempts to burn.
- ✓ Any fire that investigation determines to meet the UCR definition of Arson regardless of the value of any property damage.
- ✓ Incidents where an individual willfully or maliciously burns his or her own property.

LARCENY-THEFT (EXCEPT FOR MOTOR VEHICLE THEFT): The unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another. Attempted larcenies are included.

Classify as Larceny:

- ✓ Thefts of bicycles or automobile accessories.
- ✓ Shoplifting.
- ✓ Pocket-picking.
- ✓ The stealing of any property or article that is not taken by force and violence or by fraud.
- ✓ Any of the above regardless of the value of the item or items taken (For example, include the unlawful taking of a parking sticker that is peeled off a car windshield.)
- ✓ Attempted larcenies.

SIMPLE ASSAULT/BATTERY: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

INTIMIDATION: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

DESTRUCTION, DAMAGE OR VANDALISM TO PROPERTY: Is to willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

SEXUAL MISCONDUCT POLICIES & PROCEDURES

1. INTRODUCTION

The Montana Academy of Salons is committed to providing a working and educational environment for all students and employees that is free from sex discrimination, including sexual misconduct. Every member of the Montana Academy community should be aware that Montana Academy is strongly opposed to sexual misconduct, and that such behavior is prohibited by state and federal laws.

As part of the Montana Academy's commitment to providing a working and learning environment free from sexual misconduct, this Policy shall be disseminated widely to Montana Academy community through publications, Montana Academy website, new employee orientations, student orientations, and other appropriate channels of communication. Montana Academy provides training to key staff members to enable Montana Academy to handle any allegations of sexual misconduct promptly and effectively. Montana Academy will respond quickly to all reports of sexual harassment, and will take appropriate action to prevent, to correct, and if necessary, to discipline behavior that violates this policy.

2. SCOPE OF THE POLICY

This Policy governs sexual misconduct involving students that occurs on any academy property or in connection with any academy-sponsored program or event. This Policy applies to all students, employees, and third parties conducting business with the Montana Academy, regardless of the person's gender, gender identity, sexual orientation, age, race, nationality, class status, ability, religion or other protected status. The Montana Academy encourages victims of sexual violence to talk to somebody about what happened – so victims can get the support they need, and so Montana Academy can respond appropriately. As further described in this Policy, Montana Academy will seek to respect a victim's request for confidentiality to the extent possible, while remaining ever mindful of the victim's well-being.

3. PROHIBITED CONDUCT (SECTION 3)

Sexual misconduct comprises a broad range of behaviors focused on sex that may or may not be sexual in nature. Any intercourse or other intentional sexual touching or activity without the other person's consent is sexual assault, which is a form of sexual misconduct under this Policy. Sexual harassment and sexual exploitation, stalking, domestic violence, and dating violence are also forms of sexual misconduct. Intimidation for one of these purposes is sexual misconduct, as is retaliation following an incident of alleged sexual misconduct or attempted sexual misconduct. The definitions for specific acts of sexual misconduct can be found in the Definitions of Key Terms at the end of this Policy statement.

Misconduct can occur between strangers or acquaintances, or people who know each other well, including between people involved in an intimate or sexual relationship, can be committed by anyone regardless of gender identity, and can occur between people of the same or different sex or gender. **This Policy prohibits all forms of sexual misconduct.**

4. OPTIONS FOR ASSISTANCE FOLLOWING AN INCIDENT OF SEXUAL MISCONDUCT

The Montana Academy strongly encourages any victim of sexual misconduct to seek immediate assistance. Seeking prompt assistance may be important to ensure a victim's physical safety or to obtain medical care. Montana Academy strongly advocates that a victim of sexual assault report the incident in

a timely manner to the Title IX Coordinator or Deputy. Time is a critical factor for evidence collection and preservation.

Reporting Incidents of Sexual Misconduct. Reports may be made through an open-door policy to any administrator or facilitator either verbal or written notice by the complainant personally, by a representative, or a combination of the two.

Victims of sexual misconduct may file a report with the local police department. Victims may also file a report with Montana Academy's Title IX Coordinator or Deputy. More information about reporting an incident of sexual misconduct can be found in Section 6 of this Policy, below.

When a student or employee reports to Montana Academy that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, Montana Academy will provide the student or employee a written explanation of the student's or employee's rights and options. The written explanation includes the reporting policies and protocols.

The victim of the sexual misconduct may choose for the investigation to be pursued through the criminal justice system and academy's disciplinary procedures. The victim has the right to decline to notify local law enforcement. Montana Academy and the criminal justice system work independently from each other. Law enforcement officers do not determine whether a violation of this Policy has occurred. The Title IX Coordinator or Deputy will guide the victim through the available options and support the victim in his or her decision.

SUPPORT SERVICES AVAILABLE

Counseling, advocacy and support services are available for victims of sexual misconduct, whether or not a victim chooses to make an official report or participate in Montana Academy's disciplinary or criminal process. *The Montana Academy does not provide counseling or health care services. Personal counseling offered by Montana Academy will be limited to initial crisis assessment and referral.*

Sexual misconduct crisis and counseling options are available locally and nationally through a number of agencies. A listing of such agencies and contact information is provided at the end of this Policy statement and in the restrooms.

The Title IX Coordinator or Deputy will work with all students affected by sexual misconduct to ensure their safety and support their wellbeing. This assistance may include providing accommodations to support or protect a student after an incident of sexual misconduct and while an investigation or disciplinary proceeding is pending. Such accommodations may include an LOA, RTO, the ability to alter course dates, withdraw from/retake a course without penalty. Montana Academy may be able to assist in obtaining additional interim measures to victims while an investigation is pending, such as no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court, or by the institution, and changing the alleged perpetrator's course dates.

EVIDENCE PRESERVATION

Victims of sexual assault, domestic violence or dating violence should consider seeking medical attention as soon as possible. The importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order. It is important that a

victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen where they were assaulted so that evidence necessary to prove criminal activity may be preserved. In circumstances where the victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address health concerns. Victims of sexual misconduct are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful in connection with a academy or police investigation.

5. TITLE IX COORDINATOR OR DEPUTY

REPORTING OF CRIMES & ANNUAL SECURITY REPORTS

Campus safety and security are important issues at the Montana Academy. Our goal is to provide students with a safe environment in which to learn and to keep students, and employees well informed about campus security. The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or Clery Act, requires institutions of higher education to record and report certain information about campus safety, including the number of incidents of certain crimes on or near campus, some of which constitute sexual misconduct under this Policy.

Each year the Institute prepares this report to comply with the Clery Act. The full text of this report can be located on Montana Academy's web site at www.montanAAcademy.edu. This report is prepared in cooperation with the local law enforcement agencies around our campus. Each year notification is made to all enrolled students and employees that provides the web site to access this report. Copies of the report may also be obtained in person from Montana Academy's Chief Executive Officer or by calling (406) 771-8872. All prospective employees may obtain a copy from the Chief Executive Officer.

TIMELY WARNINGS

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief Executive Officer constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. The warning will be disseminated to staff and students through announcements in campus facilities, cell phone messages, e-mail, academy website, social media and/or flyers to ensure that the entire campus is likely to receive the warning. The timely warning will include information that promotes safety and tips to

prevent similar crimes, allowing the campus community to take appropriate precautions. The timely warning will also include the time, location, and type of crime reported. Anyone with information warranting a timely warning should report the circumstances to a Campus Security Authority by phone at (406) 771-8872 or in person at Montana Academy.

THIRD-PARTY AND ANONYMOUS REPORTING

In cases where sexual misconduct is reported to the Title IX Coordinator or Deputy by someone other than the complainant (by an facilitator, classmate or friend, for example), the Title IX Coordinator or Deputy will promptly notify the complainant that a report has been received. This Policy and the Procedures will apply in the same manner as if the complainant had made the initial report. The Title IX Coordinator or Deputy will make every effort to meet with the complainant to discuss available options and resources. Reports from an anonymous source will be treated in a similar fashion.

NO RETALIATION

The Montana Academy prohibits retaliation against those who file a complaint or third-party report, or otherwise participate in the investigative and/or disciplinary process (e.g., as a witness). Montana Academy will take strong responsive action if retaliation occurs. Any incident of retaliation should be promptly reported to the Title IX Coordinator or Deputy or a Deputy Title IX Coordinator or Deputy.

COORDINATION WITH DRUG FREE SCHOOL POLICY

Students may be reluctant to report instances of sexual misconduct because they fear being disciplined pursuant to the Montana Academy's alcohol or drug policies. Montana Academy encourages students to report all instances of sexual misconduct and will take into consideration the importance of reporting sexual misconduct in addressing violations of Montana Academy's alcohol and drug policies. This means that, whenever possible, Montana Academy will respond educationally rather than punitively to student alcohol or drug policy violations associated with reported sexual misconduct.

7. ACADEMY POLICY ON CONFIDENTIALITY

The Montana Academy encourages victims of sexual misconduct to talk to somebody about what happened – so victims can get the support they need, and so Montana Academy can respond appropriately.

This policy is intended to make students aware of the various reporting and confidential disclosure options available to them – so they can make informed choices about where to turn should they become a victim of sexual misconduct. Montana Academy encourages victims to talk to someone identified in one or more of these groups.

PRIVILEGED AND CONFIDENTIAL COMMUNICATIONS – PROFESSIONAL & PASTORAL COUNSELORS

Professional, licensed counselors and pastoral counselors who provide mental-health counseling to members of the community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX Coordinator or Deputy without a victim's permission. *The Montana Academy does not provide professional or pastoral counseling but can assist a victim of sexual misconduct in obtaining support services from these groups or agencies.* Contact information for these support organizations is listed in the attached supplement at the end of this Policy statement.

A victim who at first requests confidentiality may later decide to file a complaint with Montana Academy or report the incident to local law enforcement, and thus have the incident fully investigated.

NOTE: While these professional and pastoral counselors and advocates may maintain a victim’s confidentiality vis-à-vis the Montana Academy, they may have reporting or other obligations under state law.

ALSO NOTE: If the Montana Academy determines that the alleged perpetrator(s) pose a serious and immediate threat to Montana Academy community, the Chief Executive Officer may be called upon to issue a timely warning to the community. Any such warning should not include any information that identifies the victim.

REPORTING TO “RESPONSIBLE EMPLOYEES”

A “responsible employee” is a Montana Academy employee who has the authority to redress sexual violence, who has the duty to report incidents of sexual violence or other student misconduct, or who a student could reasonably believe has this authority or duty.

When a victim tells a responsible employee about an incident of sexual violence, the victim has the right to expect Montana Academy to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

A responsible employee must report to the Title IX Coordinator or Deputy all relevant details about the alleged sexual violence shared by the victim and that Montana Academy will need to determine what happened – including the names of the victim and alleged perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the alleged incident.

To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling Montana Academy’s response to the report. A responsible employee should not share information with law enforcement without the victim’s consent or unless the victim has also reported the incident to law enforcement.

The following are Montana Academy’s responsible employees:

- ✓ Montana Academy owner/s
- ✓ Financial Aid Officer
- ✓ Admissions Personnel
- ✓ Compliance Administrator
- ✓ Facilitators
- ✓ Front Desk Support Staff

Before a victim reveals any information to a responsible employee, the employee should ensure that the victim understands the employee’s reporting obligations – and, if the victim wants to maintain confidentiality, direct the victim to confidential resources.

If the victim wants to tell the responsible employee what happened but also maintain confidentiality, the employee should tell the victim that the Montana Academy will consider the request but cannot guarantee that Montana Academy will be able to honor it. In reporting the details of the incident to the Title IX Coordinator or Deputy, the responsible employee will also inform the Coordinator of the victim’s request for confidentiality.

Responsible employees will not pressure a victim to request confidentiality, but will honor and support the victim’s wishes, including for the Montana Academy to fully investigate an incident. By the same token, responsible employees will not pressure a victim to make a full report if the victim is not ready to.

REPORTING TO TITLE IX COORDINATOR OR DEPUTY

When a victim tells the Title IX Coordinator or Deputy about an incident of sexual misconduct, the victim has the right to expect the Montana Academy to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

To the extent possible, information reported to the Title IX Coordinator or Deputy will be shared only with people responsible for handling Montana Academy's response to the report. The Title IX Coordinator or Deputy should not share information with law enforcement without the victim's consent or unless the victim has also reported the incident to law enforcement.

Before a victim reveals any information to the Title IX Coordinator or Deputy, the Coordinator should ensure that the victim understands the Coordinator's reporting obligations – and, if the victim wants to maintain confidentiality, direct the victim to confidential resources. If the victim wants to tell the Title IX Coordinator or Deputy what happened but also maintain confidentiality, the Coordinator should tell the victim that Montana Academy will consider the request but cannot guarantee that Montana Academy will be able to honor it.

The Title IX Coordinator or Deputy will not pressure a victim to request confidentiality, but will honor and support the victim's wishes, including for Montana Academy to fully investigate an incident. By the same token, the Title IX Coordinator or Deputy will not pressure a victim to make a full report if the victim is not ready to.

REQUESTING CONFIDENTIALITY: How Montana Academy Will Weigh the Request and Respond

If a victim discloses an incident to the Title IX Coordinator or Deputy but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the Montana Academy must weigh that request against Montana Academy's obligation to provide a safe, non-discriminatory environment for all students, including the victim.

If Montana Academy honors the request for confidentiality, a victim must understand that Montana Academy's ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited.

Although rare, there are times when Montana Academy may not be able to honor a victim's request in order to provide a safe, non-discriminatory environment for all students.

The Title IX Coordinator or Deputy will evaluate requests for confidentiality. When weighing a victim's request for confidentiality or that no investigation or discipline be pursued, the Title IX Coordinator or Deputy will consider a range of factors, including the following:

1. The increased risk that the alleged perpetrator will commit additional acts of sexual misconduct or other violence, such as:
 - ✓ whether there have been other sexual misconduct complaints about the same alleged perpetrator;
 - ✓ whether the alleged perpetrator has a history of arrests or records from a prior academy indicating a history of violence;
 - ✓ whether the alleged perpetrator threatened further sexual misconduct or other violence against the victim or others;
 - ✓ whether the sexual misconduct was committed by multiple perpetrators;

- ✓ Whether the sexual misconduct was perpetrated with a weapon;
 - ✓ Whether the victim is a minor;
 - ✓ Whether Montana Academy possesses other means to obtain relevant evidence of the sexual misconduct (e.g., security cameras or personnel, physical evidence);
 - ✓ Whether the victim's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.
2. The presence of one or more of these factors could lead Montana Academy to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, Montana Academy will likely respect the victim's request for confidentiality.

If the Montana Academy determines that it cannot maintain a victim's confidentiality, Montana Academy will inform the victim prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling Montana Academy's response. Montana Academy will remain ever mindful of the victim's wellbeing and will take ongoing steps to protect the victim from retaliation or harm and work with the victim to create a safety plan. Retaliation against the victim, whether by students or academy employees, will not be tolerated. Montana Academy will also:

- ✓ assist the victim in accessing other available victim advocacy, academic support, counseling, disability, health or mental health services, and legal assistance;
- ✓ provide other security and support, which could include issuing a no-contact order, helping arrange a change of course schedules (including for the alleged perpetrator pending the outcome of an investigation) or adjustments for assignments or tests; and
- ✓ inform the victim of the right to report a crime to local law enforcement – and provide the victim with assistance if the victim wishes to do so.

Montana Academy may not require a victim to participate in any investigation or disciplinary proceeding. Because Montana Academy is under a continuing obligation to address the issue of sexual violence campus-wide, reports of sexual violence (including non-identifying reports) will also prompt Montana Academy to consider broader remedial action – such as increased monitoring, supervision or security at locations where the reported sexual violence occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments/ victimization surveys; and/or revisiting its policies and practices.

If the Montana Academy determines that it can respect a victim's request for confidentiality, Montana Academy will also take immediate action as necessary to protect and assist the victim.

MISCELLANEOUS

Off-campus Counselors and Advocates. Off-campus counselors, advocates, and health care providers will also generally maintain confidentiality and not share information with Montana Academy unless the victim requests the disclosure and signs a consent or waiver form. Contact information for these off-campus resources can be found at the end of this Policy statement.

8. INVESTIGATION PROCEDURES AND PROTOCOLS

The Title IX Coordinator or Deputy or deputy oversees the Montana Academy's investigation, response to, and resolution of all reports of prohibited sexual misconduct, and of related retaliation, involving students, and employees. The Title IX Coordinator or Deputy or deputy will interview the complainant, respondent and any witnesses. They will also gather pertinent documentary materials (if any) and other information.

NOTICE OF INVESTIGATION

The Title IX Coordinator or Deputy will inform the complainant before starting an investigation. The complainant may request that an investigation not be undertaken. The Title IX Coordinator or Deputy will consider such a request in light of Montana Academy's commitment to provide a safe and non-discriminatory environment for all students and employees. If the Title IX Coordinator or Deputy determines not to investigate, they will notify the complainant in writing, including that the determination was made at the complainant's request. At the complainant's request, the Title IX Coordinator or Deputy will also notify the respondent in writing, including that the complainant asked Montana Academy not to investigate.

The Title IX Coordinator or Deputy will direct the complainant, respondent, witnesses and other interested individuals to preserve any relevant evidence. If an investigation proceeds, Montana Academy will notify the respondent in writing that a report has been filed. The notice will describe the allegations in the report. The complainant and respondent will be given the opportunity to meet separately with the Title IX Coordinator or Deputy to review The Policy and these Procedures.

INVESTIGATION PROCESS

The Montana Academy's process for responding to, investigating and adjudicating sexual misconduct reports will continue during any law enforcement proceeding. The Title IX Coordinator or Deputy may need to temporarily delay an investigation while the police are gathering evidence but will resume the investigation after learning that the police department has completed its evidence-gathering and will generally not wait for the conclusion of any related criminal proceeding.

The Title IX Coordinator or Deputy will interview the complainant, respondent and any witnesses. They will also gather pertinent documentary materials (if any) and other information.

TIME FRAME FOR INVESTIGATION

Consistent with the goal to maximize educational opportunities and minimize the disruptive nature of the investigation and resolution, the Title IX Coordinator or Deputy seeks to resolve all reports in a timely manner. In general, an investigation may last up to 30 days, from receipt of written notice from the complainant of the intent to proceed with an investigation. Adjudication will generally take up to 30 days from the date the investigative report is provided to both the complainant and the respondent. The Title IX Coordinator or Deputy may set reasonable time frames up to 30 days, for required actions under The Policy. Those time frames may be extended for good cause as necessary to ensure the integrity and completeness of the investigation, comply with a request by external law enforcement, accommodate the availability of witnesses, accommodate delays by the parties, account for academy breaks or vacations, or address other legitimate reasons, including the complexity of the investigation (including the number of witnesses and volume of information provided by the parties) and the severity and extent of the alleged conduct. Any extension of the timeframes, and the reason for the extension, will be shared with the parties in writing. Best efforts will be made to complete the process in a timely manner by balancing principles of thoroughness and fundamental fairness with promptness. Where necessary, Montana Academy will take immediate steps to protect complainants pending the final outcome of an investigation, including academic accommodations and other interim measures. These steps may include a LOA, RTO or withdraw from/retake a course without penalty and change the alleged perpetrator's course to a future start.

IMPACT OF VICTIM'S CONFIDENTIALITY REQUEST

A victim's request for confidentiality will likely limit Montana Academy's ability to investigate a particular matter. The ASR is a public document, through record keeping, including Clery Act reporting and disclosure, will be published without the inclusion of personally identifying information (PII) about the victim. Montana Academy will maintain as confidentially any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide accommodations or protective measures. Montana Academy may take steps to limit the effects of the alleged sexual misconduct and prevent its recurrence without initiating formal action against the alleged perpetrator or revealing the identity of the complainant. Examples include providing increased monitoring, supervision, or security at Montana Academy where the misconduct occurred; providing training and education materials for students and employees; revising and publicizing Montana Academy's policies on sexual misconduct; and provide an open-door policy regarding sexual misconduct.

INVESTIGATION REPORT

The Title IX Coordinator or Deputy will prepare a report detailing the relevant content from the interviews and the documentation gathered. The report will include the assessment of individual credibility and recommended findings of responsibility.

The respondent and complainant will each have the opportunity to review a copy of the investigative report and any other information used during the disciplinary proceedings. The names and other identifying information of other students will be redacted from such materials in accordance with the Family Educational Rights and Privacy Act (FERPA), except to the extent that doing so would interfere with the purpose of Title IX to eliminate sex-based discrimination.

Upon receipt of the investigative report, the complainant and respondent shall each have the opportunity to request a hearing be conducted pursuant to the procedures set forth in Section 9, below. If neither party requests a hearing within 10 calendar days from their receipt of the investigative report, then the recommended findings of responsibility set forth in the investigative report shall be final. The Title IX Coordinator or Deputy shall rely on the recommended findings of responsibility in the investigative report for purposes of imposing sanctions in accordance with Section 10, below.

VOLUNTARY RESOLUTION

Voluntary resolution, when selected by the complainant and deemed appropriate by the Title IX Coordinator or Deputy, is a path designed to eliminate the conduct at issue, prevent its recurrence, and remedy its effects in a manner that meets the expressed preference of the complainant and the safety and welfare of the Montana Academy community. Voluntary resolution is not appropriate for all forms of conduct under The Policy.

Montana Academy retains the discretion to determine, when selected by the complainant, which cases are appropriate for voluntary resolution. If a complainant requests voluntary resolution, and the Title IX Coordinator or Deputy concludes that voluntary resolution is appropriate, then the Title IX Coordinator or Deputy will take appropriate action by imposing remedies designed to maximize the complainant's access to all employment, education and benefits at Montana Academy and to eliminate a potential hostile environment. A complainant may request and decide to pursue voluntary resolution at any time. In those cases, in which the voluntary resolution involves either the notification to or participation by the respondent, it is the respondent's decision whether to accept voluntary resolution.

Voluntary resolution may include: providing increased monitoring, supervision, or security at locations or activities where the misconduct occurred; facilitating a meeting with the respondent with the complainant present (in cases that do not involve sexual assault); and any other remedy that can be tailored to the involved individuals to achieve the goals of The Policy. In some forms of voluntary resolution, the remedies imposed will focus on supporting the complainant with no participation or involvement by the respondent. In other forms of voluntary resolution, the respondent may agree to participate. Depending on the type of remedy used, it may be possible for a complainant to maintain anonymity. Voluntary resolution may also include restorative principles that are designed to allow a respondent to accept responsibility for misconduct and acknowledge harm to the complainant or to Montana Academy community. Restorative models will be used only with the consent of both parties and following a determination by the Title IX Coordinator or Deputy that the matter is appropriate for a restorative approach.

Montana Academy will not compel a complainant to engage in mediation, to confront directly the respondent, or to participate in any particular form of informal resolution. Mediation, even if voluntary, is never appropriate in sexual assault cases and will not be used in such cases. As the title implies, participation in voluntary resolution is a choice, and either party can request to end this manner of resolution and pursue an investigation and adjudication at any time, including if voluntary resolution is unsuccessful at resolving the report. Similarly, a complainant can request to end an investigation and pursue voluntary resolution at any time.

The time frame for completion of voluntary resolution may vary, but Montana Academy will seek to complete the process within 15 days of the complainant's request.

9. GRIEVANCE/ADJUDICATION PROCEDURES (SECTION 9)

HEARING PANEL

If requested by either complainant or respondent following the distribution of the investigative report, the Montana Academy will convene a hearing panel. The hearing panel determines whether the respondent is responsible or not responsible for a violation of The Policy. If the respondent is determined to be responsible, the matter proceeds to the sanctions stage. (Section 10)

The hearing panel will generally include the Title IX Coordinator or Deputy and at least two additional members who will be individuals associated with Montana Academy. These additional hearing panel members may include staff or other individuals with relevant experience and special training. Panel members may participate remotely so long as the hearing room is equipped with telephone equipment that allows the panel member to hear all the participants and to be heard by all the participants throughout the hearing proceedings. All panelists will receive training from experts in the field at least once a year. In addition to training on how the adjudicatory process works, the training will include specific instruction about how to approach students about sensitive issues that may arise in the context of sexual misconduct. The complainant and respondent will be informed of the panel's membership before the hearing process begins. A complainant and/or respondent may challenge the participation of a panel member because of perceived conflict of interest, bias, or prejudice. Such challenges, including rationale, must be made to the Title IX Coordinator or Deputy at least 48 hours prior to the commencement of the hearing. At its discretion, the Title IX Coordinator or Deputy will determine whether such a conflict of interest exists and whether a panel member should be replaced. Postponement of a hearing may occur if a replacement panelist cannot be immediately identified.

ADVISORS

Both the complainant and the respondent are entitled to be accompanied to any meeting or proceeding relating to the allegation of sexual misconduct by an advisor or support person of their choice, provided the involvement of such advisor or support person does not result in the postponement or delay of such meeting as scheduled.

WRITTEN SUBMISSIONS

Both the complainant and respondent will have the opportunity to submit written responses to the investigation report and other relevant information to the hearing panel. Each of the complainant and respondent will have the opportunity to review any written submissions by the other. The hearing panel may set reasonable parameters for these written submissions. The hearing panel will review the investigation report and written submissions.

HEARING PROCEDURES

The Title IX Coordinator or Deputy will, whenever possible, give the complainant and respondent at least 5 days' advance notice of the hearing. The Title IX Coordinator or Deputy will arrange to hold the hearing after academy hours. The hearing is a closed proceeding, meaning that no one other than the panel members, the complainant and respondent, their respective advisors, witnesses (when called), and necessary academy personnel may be present during the proceeding.

IN GENERAL, HEARINGS WILL PROCEED AS FOLLOWS:

The Title IX Coordinator or Deputy may set reasonable time limits for any part of the hearing. Each of the complainant and respondent will have the opportunity to present witnesses and other information consistent with The Policy and these Procedures. The panel may determine the relevance of, place restrictions on, or exclude any witnesses or information. When the complainant and respondent are not able to be present for the hearing panel, arrangements will be made for participation via alternate means. In cases where either the complainant or respondent opts not to participate in the hearing, the panel may still hear from the other.

ADDITIONAL HEARING RULES INCLUDE:

Questioning. Only the panel may ask questions of the complainant and respondent and any witnesses. Both the complainant and respondent will have the opportunity to suggest questions of the other and of witnesses by submitting suggested questions to the panel in writing. The panel may revise or not ask any or all submitted questions.

Information Regarding Romantic or Sexual History. The panel will not consider the romantic or sexual history of either the complainant or respondent in cases involving allegations of sexual misconduct, except for testimony offered by one or the other about the complainant's and respondent's shared sexual history that the panel deems relevant. If such information is offered by the complainant or respondent, the other has the right to respond. The existence of a prior consensual dating or sexual relationship between the complainant and respondent by itself does not support an inference of consent to alleged sexual misconduct.

Prior Conduct Violations. The hearing panel will not consider the respondent's prior conduct violations, unless the Title IX Coordinator or Deputy provided that information to the hearing panel because the

respondent was previously found to be responsible, and the previous incident was substantially similar to the present allegation(s) and/or the information indicates a pattern of behavior by the respondent.

Montana Academy will keep an audio recording of the hearing for the use of the panel and for sanctioning. Cell phones and recording devices may not be used in the hearing room(s) unless approved by the panel in advance.

PANEL DETERMINATIONS/STANDARD OF PROOF

The panel will use “preponderance of the evidence” as the standard of proof to determine whether a violation of The Policy occurred. Preponderance of the evidence means that a panel must be convinced based on the information it considers that the respondent was more likely than not to have engaged in the conduct at issue in order to find the respondent responsible for violating The Policy. The panel will find a student or employee responsible, or not responsible, based on a majority vote. The panel will generally render a decision within 10 days after the conclusion of a hearing. The panel’s decision will include an explanation of the basis for the decision. If the panel finds the respondent responsible, the matter will proceed to the sanctions stage.

The parties will be informed of the results of the adjudication hearing by simultaneous written notice to both parties of the outcome of the complaint.

- ✓ The result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking
- ✓ Montana Academy procedures for the accused and the victim to appeal the result of the institutional disciplinary proceeding, if such procedures are available.
- ✓ Any change to the result
- ✓ When such results become final

10. SANCTIONS AND OTHER REMEDIES (SECTION 10)

The Title IX Coordinator or Deputy, with the advice and counsel (attorney) and hearing panel members, shall be responsible for imposing sanctions that are:

- ✓ Fair and appropriate given the facts of the particular case;
- ✓ Consistent with Montana Academy’s handling of similar cases;
- ✓ Adequate to protect the safety of the campus community; and
- ✓ Reflective of the seriousness of sexual misconduct.

The Title IX Coordinator or Deputy will consider relevant factors, including if applicable:

- ✓ the specific sexual misconduct at issue (such as penetration, touching under clothing, touching over clothing, unauthorized recording, etc.);
- ✓ the circumstances accompanying the lack of consent (such as force, threat, coercion, intentional incapacitation, etc.);
- ✓ the respondent’s state of mind (intentional, knowing, bias-motivated, reckless, negligent, etc.);
- ✓ the impact of the offense on the complainant;
- ✓ the respondent’s prior disciplinary history;
- ✓ the safety of Montana Academy community; and
- ✓ the respondent’s conduct during the disciplinary process.

The Title IX Coordinator or Deputy will render a sanctioning decision within 5 days following the receipt of the panel's determination. The sanctioning decision will be communicated in writing to the complainant and the respondent.

Montana Academy may impose any one or more of the following sanctions on a student or employee determined to have violated The Policy:

- ✓ Reprimand/warning
- ✓ Changing the respondent's course date
- ✓ Disciplinary probation
- ✓ Restricting access to academy facilities or activities
- ✓ Dismissal or restriction from academy employment or enrollment
- ✓ Suspension (limited time or indefinite)

In addition to any other sanction (except where the sanction is dismissal), Montana Academy may require any student determined to be responsible for a violation of The Policy to receive appropriate education and/or training related to the sexual misconduct violation at issue. Montana Academy may also recommend counseling or other support services for the student.

Whatever the outcome of the hearing process, a complainant may request ongoing or additional accommodations and the Title IX Coordinator or Deputy will determine whether such measures are appropriate. Potential ongoing accommodations to be offered to employees as well as students include:

- ✓ Changing the complainant's course date
- ✓ Allowing the complainant to withdraw from or retake a course without penalty
- ✓ Providing access to academic support, such as extra time to complete or re-take a class or test

Written notification to the victims for protective measures are available if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the Title IX Coordinator or Deputy Title IX Coordinator or local law enforcement, would include:

- ✓ Academic situation
- ✓ Protective measures such as walking the victim to their vehicle

Montana Academy may also determine that additional measures are appropriate to respond to the effects of the incident on Montana Academy community. Additional responses for the benefit of Montana Academy community may include:

- ✓ Increased monitoring, supervision, or security at Montana Academy of Salons
- ✓ Additional training and educational materials for students and employees
- ✓ Revision of Montana Academy's policies relating to sexual misconduct
- ✓ Open door policy regarding sexual misconduct

11. RECORDS DISCLOSURE

Disciplinary proceedings conducted by the Montana Academy are subject to the Family Educational Records and Privacy Act (FERPA), a federal law governing the privacy of student information. FERPA generally limits disclosure of student information outside Montana Academy without the student's consent, but it does provide for release of student disciplinary information without a student's consent in certain circumstances.

Any information gathered in the course of an investigation may be subpoenaed by law enforcement authorities as part of a parallel investigation into the same conduct or required to be produced through other compulsory legal process.

Additional information about FERPA can be found in the Student Catalog on the Montana Academy's website at www.montanAAcademy.edu.

12. EDUCATION AND PREVENTION PROGRAMS

As set forth in Section 3 of this Policy statement, Sexual Assault, Sexual Harassment, Sexual Exploitation, Dating Violence, Domestic Violence, and Stalking are all forms of Prohibited Conduct.

The Montana Academy of Salons is committed to offering educational programs to promote awareness and prevention of Prohibited Conduct. Educational programs include an overview of Montana Academy's policies and procedures; relevant definitions, including prohibited conduct; discussion of the impact of alcohol and illegal drug use; consent; safe and positive options for bystander intervention; review of resources and reporting options available for students and employees; and information about risk reduction. Incoming students and new employees will receive primary prevention and awareness programming as part of their orientation.

As part of the Montana Academy's commitment to provide an educational and work environment free from Prohibited Conduct, The Policy will be disseminated widely to students through student orientations, publications and website. The Policy will also be disseminated widely to employees through orientations, publications and website and other appropriate channels of communication.

The Title IX Coordinator or Deputy, hearing panel members, and anyone else who is involved in responding to, investigating, or adjudicating sexual misconduct will at a minimum, receive annual training through a webinar on the issues related to dating violence, domestic violence, sexual assault and stalking, as well as how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. In addition to training on how The Policy process works, the training will include specific instruction about how to approach students or employees about sensitive issues that may arise in the context of sexual misconduct.

BYSTANDER INTERVENTION

The Montana Academy's primary prevention and awareness program includes a description of safe and positive options for bystander intervention. Active bystanders take the initiative to help someone who may be targeted for a sexual assault. They do this in ways that are intended to avoid verbal or physical conflict. Active bystanders also take the initiative to help friends, who are not thinking clearly, from becoming offenders of crime. Intervention does not mean that you directly intervene to stop a crime in progress; rather, these steps are "early intervention" – before a crime begins to occur. There are three important components to consider before taking action that we refer to as the ABCs:

Assess for safety. Ensure that all parties are safe, and whether the situation requires calling authorities. When deciding to intervene, your personal safety should be the #1 priority. When in doubt, call for help.

Be with others. If it is safe to intervene, you are likely to have a greater influence on the parties involved when you work together with someone or several people. Your safety is increased when you stay with a group of friends that you know well.

Care for the person. Ask if the target of the unwanted sexual advance/attention/behavior is okay – does he or she need medical care? Ask if someone they trust can help them get safely home.

Information on Bystander Intervention was provided by the Department of Defense Sexual Assault Prevention and Response Office, www.sapr.mil

RISK REDUCTION

The Montana Academy’s primary prevention and awareness program includes information on risk reduction. This includes:

AVOIDING DANGEROUS SITUATIONS. While you can never completely protect yourself from sexual assault, there are some things you can do to help reduce your risk of being assaulted.

- ✓ Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- ✓ Try to avoid isolated areas. It is more difficult to get help if no one is around.
- ✓ Walk with purpose. Even if you don’t know where you are going, act like you do.
- ✓ Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
- ✓ Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- ✓ Make sure your cell phone is with you and charged and that you have cash money.
- ✓ Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
- ✓ Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.

THINGS TO THINK ABOUT:

Safety Planning.

How to get away if there is an emergency? Be conscious of exits or other escape routes. Think about options for transportation (car, bus, subway, etc.).

Who can help? Friends and/or family, or support centers in your area. Please see Section 4 of this Policy for a list of support organizations.

Where to go? Options may include a friend’s house or relative’s house, or you may consider going to a domestic violence or homeless shelter. You may also go to the police. **Important Safety Note:** If the dangerous situation involves a partner, go to the police or a shelter first.

What to bring? This may include important papers and documents such birth certificate, social security card, license, passport, medical records, lease, bills, etc. This will also include house keys, car keys, cash, credit cards, medicine, important numbers, and your cell phone. If you are bringing children with you, remember to bring their important papers and legal documents. You can keep all of these things in an emergency bag. You should hide the bag—it is best if it is not in your house or car. If the bag is discovered, you can call it a “tornado” or “fire” bag.

PROTECTING YOUR FRIENDS. You have a crucial role to play in keeping your friends safe. No matter what the setting, if you see something that doesn’t feel quite right or see someone who might be in trouble, there are some simple things you can do to help out a friend.

- ✓ Distract. If you see a friend in a situation that doesn’t feel quite right, create a distraction to get your friend to safety. This can be as simple as joining or redirecting the conversation: suggest to

your friend that you leave the party or ask them to walk you home. Try asking questions like: “Do you want to head to the bathroom with me?” or “Do you want to head to another party – or grab pizza?”

- ✓ Step in. If you see someone who looks uncomfortable or is at risk, step in. If you feel safe, find a way to de-escalate the situation and separate all parties involved. Don't be shy about directly asking the person if they need help or if they feel uncomfortable.
- ✓ Enlist others. You don't have to go it alone. Call in friends or other people in the area as reinforcements to help defuse a dangerous situation and get the at-risk person home safely. There is safety in numbers.
- ✓ Keep an eye out. Use your eyes and ears to observe your surroundings. If you see someone who has had too much to drink or could be vulnerable, try to get them to a safe place. Enlist friends to help you. Even if you weren't around when the assault occurred, you can still support a friend in the aftermath.

SOCIAL SITUATIONS. While you can never completely protect yourself from sexual assault, there are some things you can do to help reduce your risk of being assaulted in social situations.

- ✓ When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- ✓ Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately.
- ✓ Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- ✓ Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- ✓ Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- ✓ If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

TYPES OF SHELTERS AND SERVICE INFORMATION

DAY SHELTERS supplement homeless and low-income people when the shelter their staying in only offers shelter on an overnight basis. Case management is often provided and sometimes there are laundry and shower facilities. Meals and basic hygiene may also be offered. Almost all-day shelters provide their services free of charge. Any emergency or homeless shelter that allows clients to stay during the day is also classified under this category.

EMERGENCY HOMELESS SHELTERS both provide short term relief for the homeless & low-income. Usually there is a maximum stay of 3 months or less. Many of these shelters ask their clients to leave during the day. Meals and other supportive services are often offered. 3 times out of 5 these shelters offer their services free of charge.

HALFWAY HOUSING helps transition individuals and families from shelters or homelessness to permanent housing. Length of stay is usually anywhere from 6 months to 2 years. Residents are often required to pay at least 30% of their income toward program fees. Sometimes the money they pay in fees is returned to them when they leave. Any emergency or homeless shelter that allows their clients to stay more than 6 months is also classified under this category.

PERMANENT AFFORDABLE HOUSING is a long-term solution for housing. Residents are often allowed to stay as long as they remain in the low-income bracket but is sometimes limited 3 - 5 years. Residents pay no more than 30% of their income towards rent. Emergency shelters, homeless shelters and transitional housing programs that allow their clients to stay without a maximum stay is also classified under this category.

DRUG AND ALCOHOL REHAB programs are intended to treat alcohol and/or drug dependency. The cost of participating in one of these programs and the method of treatment range significantly. The database operated on this website only includes residential rehab programs (not outpatient programs). We also provide Access to Recovery (ATR) Grant programs for substance abuse treatment.

SUPPORTIVE HOUSING Programs that provide an alternative living arrangement for individuals who, because of age, disability, substance abuse, mental illness, chronic homelessness or other circumstances, are unable to live independently without care, supervision and/or support to help them in the activities of daily living; or who need access to case management, housing support, vocational, employment and other services to transition to independent living.

SHARED HOUSING Programs helps bring low income persons together and helps prevent homelessness by providing affordable housing options. This service is good for families, disabled persons, and others wanted more companionship. Shelterlistings.org finds these shared housing locations and lists them throughout our website.

ROOMING HOUSE OR BOARDING HOUSE A rooming house is a building in which renters occupy single rooms and share kitchens, bathrooms, and common areas. The location may be a converted single-family home, a converted hotel, or a purpose-built structure. Rooming houses are low cost housing and may have as few as three rooms for rent, or more than a hundred. The same goes for boarding houses. We list these types of residences throughout shelterlistings.org.

TRANSITIONAL HOUSING is affordable low-cost supportive housing designed to provide housing and appropriate support services to persons who are homeless or who are close to homelessness. The transition is to help them be more self-sufficient to move towards independent living on their own. Services provided at transitional housing facilities varies, from substance abuse treatment, to psychological assistance, job training, domestic violence assistance, etc. The assistance provided varies, but it is generally affordable and low-cost housing. Read the descriptions of each of the transitional living locations for more detailed information.

DRUG FREE SCHOOL POLICY

Montana Academy of Salons believes that it is very important to provide a safe environment for all of its students, guests and employees. Substance abuse, while at work, academy or otherwise, seriously endangers the safety of students, guests and employees, as well as the general public, and creates a variety of problems including increased theft, decreased morale, decreased productivity, and a decline in the quality of services provided. It is also our Policy to prevent the use and/or presence of these substances in Montana Academy. The Montana Academy will strive to provide an environment conducive to making conscientious and healthy decisions when students and employees are faced with difficult choices associated with the use of legal and illegal drugs.

PROHIBITED CONDUCT

It is a violation of academy policy for any student to:

- ✓ Use illegal drugs or misuse prescription drugs;
- ✓ Misuse alcohol;
- ✓ Possess, trade, manufacture, distribute, dispense, buy or offer for sale alcohol, illegal and/or prescription drugs while on duty, during break periods, or on academy property;
- ✓ Arrive or return to academy intoxicated from use of illegal drugs, misused prescription drugs or alcohol;
- ✓ Engage in the use of illegal drugs, misuse of prescription drugs or alcohol during academy hours or while on academy property (including parking lots);
- ✓ Use prescription drugs or non-prescription drugs that may affect the safety of the student or fellow students, employees and members of the public;
- ✓ Have tampered or attempted to alter or attempt to interfere with the testing procedure; or
- ✓ Otherwise has refused to be tested.

For the purpose of this Policy, a student is presumed to be under the influence of drugs and/or alcohol if a urine test, blood test or other scientifically acceptable testing procedures shows a forensically acceptable positive quantum of proof of drugs and/or alcohol usage.

Any student who is taking any prescription or non-prescription drug which might impair safety, performance, or any motor functions must advise his/her Facilitator or the Chief Executive Officer before providing services under such medication.

Students are individually responsible for being aware of applicable laws, regulations, ordinances, and Montana Academy's policy for complying with them. The Montana Academy will assist in that endeavor by providing current information on an ongoing basis to all students and employees.

MEDICAL MARIJUANA

Although the State of Montana permits the use, possession, and cultivation of medical marijuana by individuals possessing lawfully issued medical marijuana cards, federal law prohibits use, possession, or cultivation in educational institutions and other recipients of federal funds. Therefore, the use, possession, and/or cultivation is prohibited at Montana Academy of Salons, including on campus, on Montana Academy's property, or at events sponsored by Montana Academy. Even if a student, or employee possesses the appropriate documentation permitting the use, possession, and/or cultivation of medical marijuana, these activities are prohibited and are subject to disciplinary action.

SUBSTANCE ABUSE EDUCATION

Montana Academy has developed a contact list to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The list provides services related to drug use and abuse including dissemination of informational materials, educational programs and counseling services.

DRUG-FREE SCHOOLS AND COMMUNITIES ACT (DFSCA)

Of 1989 - also known as the Drug-Free Schools and Campuses Act - requires institutions of higher education to establish policies that address unlawful possession, use, or distribution of alcohol and illicit drugs. The DFSCA also requires the establishment of a drug and alcohol prevention program. (See Montana Academy of Salons Student Catalog)

REASONABLE SEARCH

To ensure that illegal drugs and alcohol do not enter or affect Montana Academy, the Montana Academy of Salons reserves the right to search all vehicles, containers, lockers, or other items on academy property in furtherance of this Policy. Individuals may be requested to display personal property for visual inspection upon Montana Academy's request. Searches will be conducted only where the Montana Academy has reason to believe that the student has violated Montana Academy's Policy. Failure to consent to a search or display of personal property for visual inspection will be grounds for discipline, up to and including termination from the program or denial of access to academy premises. Searches of a student's personal property will take place only in the student's presence. All searches under this Policy will occur with the utmost discretion and consideration for the student involved. Individuals may be required to empty their pockets, but under no circumstances will a student be required to remove articles of clothing to be physically searched.

STUDENT ASSISTANCE

The Montana Academy holds all students accountable in terms of substance use but also supports getting help for students. Students who come forward voluntarily to identify that they have a substance problem will not be reprimanded. It is important for the student to come to an understanding regarding the extent of the problem in order to correct the problem and be able to avoid future usage in violation of Montana Academy's Policy. This is required in order to correct the problem and be able to avoid violating Montana Academy's Policy in the future. If the student is willing to actively engage in resolving the substance use problem, Montana Academy will refer the student to a Substance Abuse Professional for an assessment and possible outpatient counseling at the student's expense. This leave will be conditioned upon receipt of reports from the treatment providers that the student is cooperating and making reasonable progress in the treatment program. The student will be permitted to return to academy only if (s)he passes a drug /alcohol test and has satisfactory medical evidence that (s)he is fit for attendance.

This protection does not cover a student who confesses a problem after an incident or accident that requires a substance use test, or after being notified that a reasonable suspicion test is required.

DISCIPLINARY ACTION

Violation of this Policy will result in the student's immediate termination. Re-admittance may be considered after 90 days. To be considered for re-admittance, the student must provide proof of having satisfactorily attended treatment that is provided by a Substance Abuse Professional (SAP) and/or prescribed by a SAP and completed a drug and/or alcohol test, determined by which test was previously positive, with a negative test result. If the student is re-admitted, (s)he must complete the prescribed

follow-up testing by the SAP or by law, as applicable, to continue attending the Montana Academy. Treatment and follow-up testing will be at the expense of the student.

BIENNIAL REVIEW

The Montana Academy will review the drug and alcohol prevention program every two years on the even number year. Any recommendations/data and or assistance available to substance abusers will be updated and distributed to all students and staff of the Montana Academy.

NOTICE OF FEDERAL STUDENT AID (FSA) PENALTIES FOR DRUG LAW VIOLATIONS

The Higher Education Opportunity Act requires institutions to provide to every student upon enrollment a separate, clear and conspicuous written notice with information on the penalties associated with drug-related offenses under existing section 484(r) of the HEA. It also requires an institution to provide a timely notice to each student who has lost eligibility for any grant, loan, or work-study assistance as a result of penalties under 484(r)(1) of the HEA a separate clear, and conspicuous written notice that notifies the student of the loss of eligibility and advises the student of the ways in which to regain eligibility under section 484(r)(2) of the HEA. Students are hereby notified that federal guidelines mandate that a federal or state drug conviction can disqualify a student for Federal Student Aid funds. Convictions only count if they were for an offense that occurred during a period of enrollment for which the student was receiving Title IV aid—they do not count if the offense was not during such a period. Also, a conviction that was reversed, set aside, or removed from the student's record does not count, nor does one received when he/she was a juvenile, unless the student was tried as an adult.

The Higher Education Act of 1965 as amended (HEA) suspends aid eligibility for students who have been convicted under federal or state law of the sale or possession of drugs, if the offense occurred during a period of enrollment for which the student was receiving federal student aid (grants, loans, and/or work-study). If you have a conviction(s) for these offenses, call the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243) to complete the "Student Aid Eligibility Worksheet" to find out how this law applies to you.

If you have lost federal student aid eligibility due to a drug conviction, you can regain eligibility if you pass two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the U.S. Department of Education.

By completing the FAFSA, you may be eligible for nonfederal aid from states and private institutions even if ineligible for Federal Aid. If you regain eligibility during the award year, notify your financial aid administrator immediately. If you are convicted of a drug-related offense after you submit the FAFSA, you might lose eligibility for federal student aid, and you may be liable for returning any financial aid you received during a period of ineligibility.

ACADEMY FLEXIBILITY

The Montana Academy reserves the right to alter or amend any portion of this Drug Free School Policy at any time without prior notice. Under no circumstances shall failure to perform any act within
